Texas' Ginners to Hear "America's Outlook"

"What Texas Ginners Can Do To Aid the War Effort" will be the theme of the 33d annual convention of the Texas Cotton Ginners Association, to be held April 9-10 at Dallas with all sessions scheduled in the Municipal Auditorium at State Fair Park.

O. E. Jones, vice president in charge of sales and advertising for Swift & Co., Chicago, will speak on "America's Outlook." This inspirational highlight of the convention will be heard at 11 o'clock Thursday morning, April 9th. Mr. Jones has been with Swift & Co. nearly thirty years. He was formerly in charge of all Swift gins and cottonseed oil mills and he is well known to the Texas cotton industry.

"Priorities and the War" is the subject of J. B. Boyce, Dallas, district manager, Priorities Division, War Production Board. Ginners are to learn from Mr. Boyce what can be expected in the way of materials, such as repair parts and replacements.

"Gin Repairs for 1942" will be discussed by John C. McDonald, vice president of the Murray Co., Dallas, speaking from the standpoint of manufacturers and distributors of cotton ginning machinery and equipment.

"The Ginner's Place in Civilian Defense" is the subject of Judge Sarah T. Hughes, 14th District Court, Dallas.

To what extent cotton gins can be converted to war work will be the theme of Charles A. Bennett, senior mechanical engineer, U. S. Cotton Ginning Laboratory, Stoneville, Miss.

"It is not an Allotment, It's a Duty," is the caption under which A. L. Ward, Dallas, educational director of the National Cottonseed Products Association, will stress the necessity of planting the full allotted acreage to cotton, in order to aid the war effort by providing additional lint, cottonseed oil and other products.

Japs Have Closed Several Service Stations in Hamlin

One of the first effects of the Jap War felt in Hamlin business has been in the automobile services, including sales, both new and second hand, and service stations.

Tires and tubes have disappeared almost, and reduced speeds and less travel have effected service stations to the point that this week there have been three changes, and so far a total of four stations in Hamlin have closed.

Bill Thomas, at the junction of Highways 92 and 83, the Rock Station, folded up Tuesday, and Mr. Thomas will go to California.

The station in front of the Herald Office, operated by Mr. Robertson, closed down last Saturday.

Edgar and Irvin Smith, just south of the Santa Fe, have gone into other lines of work. Edgar is working in the Texas Cement Plaster Mills, and his son, Irvin, is finishing a welding course in Abilene and soon will be on some big ship yard perhaps. Their station building and equipment was leased from Walter L. Cash, who is keeping the station open himself at least for the time being. He will perhaps find some one to operate the place. Mr. Cash is a retired railroad man and he says he can fill up cars and do a pretty good job of it, as well as line up an iron rail.

Farther down the street in South Hamlin, there is one other idle station, the Victoria Camp Station, formerly occupied by Martin Westbrook, who now has the Shipp location.

Just where the effects of the Jap War upon us will end cannot yet be guessed. Almost everybody will feel the war pinch before it is over, and what now seems impossible may become "regular."

ners Association, will emphasize the need for a strong State organization in his talk, "Close Cooperation, a Necessity."

A ginners' forum will be conducted by Charles A. Bennett, Stoneville, Miss., and F. E. Lichte, extension cotton ginning specialist, A & M College, Texas.

President R. R. Ramey, Beaumont will call the convention to order at 8:00 o'clock Thursday, April 9th. Attendance of several thousand is expected, this being one of Texas' largest conventions.

The seriousness of the war-time program will be relieved by entertainment features. These include luncheons for those wearing badges as guests of the gin machinery and supply people and also admission at 3 P.M. April 10 to a special variety show in the Auditorium, which takes the place of the usual night show. There will be fifteen minutes of entertainment before the opening of each business session. On the afternoon of April 9th in the Magnolia Lounge, Mrs. Jack B. Dale will give a book review for visiting ladies, followed by refreshments, and on the morning of April 10th in the same place, the ladies will be entertained by a motion picture show together with refreshments.

Billy Cearley Makes Announcement For District Clerk Office

BILLY CEARLEY

Billy Cearley, a young man well known in Jones County, was a visitor in Hamlin Saturday, handing out cards as a candidate for District Clerk, and placing his formal announcement in the Herald for the office.

Billy is an humble, sincere young fellow, who has worked under hard circumstances. He was a runner-up two years ago for this office and is starting out with renewed effort to see the voters. Here is what he says:

"At the very beginning of my announcement, I want to thank my friends for the splendid support they gave me in my race for District Clerk in the election two years ago. I want to assure you that I will appreciate sincerely your continued support in this race.

"I was born and raised in Anson. I am married and have one child, a baby son.

"I was graduated from Anson High School. Following high school graduation, I attended Chillicothe Business College at Chillicothe, Mo., where I secured my training for business office and clerical work.

"I have had seven years of actual clerical experience, having spent nearly four years with the Jones County Agricultural Adjustment Administration. Since the Food Stamp Plan was put into effect in Jones County, I have been in charge of the Food Stamp Issuing office at Anson as Food Stamp Issuing Officer. In this work, I have had complete supervision of three clerks, typist, accountant, and the cashier connected with the office.

"I feel that I am qualified from both training and actual experience to handle the work of the District Clerk's office. I know that it is a responsible position, one dealing with judgments, court decrees and other official papers connected with the abstracts of title to property and with one's personal rights and relationships with his fellowman.

"I made a strenuous campaign during the last election. I expect to redouble my efforts this election. I want the voters of Jones County to know that I will sincerely appreciate not only their vote, but also every good word they can say in my behalf between now and the closing of the polls on election day.

"I want to assure every voter in Jones County that if I am elected, I will devote my best effort toward making you an efficient, courteous, and obliging District Clerk. Please consider this announcement as a personal solicitation of your vote and influence in my behalf.

"Cordially and sincerely yours,
BILLY R. CEARLEY,
Candidate for District Clerk of Jones County.

Baby Died

The many friends of Mr. and Mrs. M. B. (Lefty) Courtney will sympathize with them in the loss of their baby, Jerry Mack, age three years who died on March 30. Mr. and Mrs. Courtney live at Dayton, Texas.

Funeral services were conducted by Rev. Dan D. Jones, pastor of the Nazarene Church of Hamlin, and interment was in the Stamford Cemetery, with Barrow Funeral Directors of Hamlin in charge.

Mr. and Mrs. Courtney lived in Hamlin several years.

Mrs. D. O. Sauls returned Wednesday from a visit with her daughter, Mrs. Martin McCain and family in Houston.

Paul Bryan Opening Independent Lumber Yard In Gray Stand

It will hardly seem right for Paul Bryan to be in some lumber yard other than the R. B. Spencer place, where he has spent the past 22 years as manager. But it is a fact, after all the years working for that company, Paul is going into business for himself, as an "Independent Lumberman."

In a conversation with Mr. Bryan he says the finest people he ever had any dealings with are the Spencers and their line of lumber yards, and that in leaving that company, he does so under the best of relations and good will. In all Paul worked for the R. B. Spencer Company for the past 32 years, excepting three years when he was a banker at Santo.

Now, Paul is opening up his own yard, and it will be known as the "PAUL BRYAN LUMBER COMPANY," and his place of business is the former Gray Yard, just east of the John T. Day Hardware store. Lumber "goods", including all kinds of building materials, lumber, lime, cement, brick, paints, and wall paper will soon be ready for the retail trade.

Now after 32 years of handling lumber, Paul Bryan can be said to know "all the planks." Away back yonder, his grandfather operated a saw mill and then Paul's father took up the saw mill business and while a small boy, Paul must have gotten dust in his eyes—and now Paul has spent long years selling 'em.

Mrs. Onis M. Crawford returned Monday from Fort Riley, Kansas, where she visited her husband, Pvt. Onis M. Crawford. She was accompanied by his parents, Mr. and Mrs. F. E. Crawford, of Stamford.

Mrs. C. E. Bryson Fatally Burned Tuesday Morning

Mrs. C. E. Bryson died Wednesday morning at 7:52 at the Stamford Hospital from burns received when she fell on the stove at her home in Hamlin, Tuesday morning. She had been an invalid for 19 years, having suffered all these years from a paralysis affliction.

Mrs. Bryson was born Josie Greer June 24, 1891, in Upshur County, Texas. She was the daughter of Mr. and Mrs. Joseph Greer. She was married November 1, 1908, to C. E. Bryson, in Abilene. She came with her family from Aspermont to Hamlin in 1930, where they have made their home for the past 12 years. She was a member of the Baptist Church for many years and was active in the church work before her illness. She had never moved her membership from the Aspermont church to Hamlin, because she was never able to attend services here.

Survivors are the husband, C. E. Bryson; two sons, C. E., Jr., of Bishop, Texas, and Grover S., of El Paso; and three daughters, Mrs. Forrest Binion, of Ysleta, Mrs. Harold Heard, of Bomarton, and Jane Bryson, a student in Hardin-Simmons University. One daughter, Della Bryson, died April 3, 1941. Other survivors are five grandchildren; two brothers, Mike Greer, of Old Glory, and Bob Greer, of Aspermont; four sisters, Mrs. Mattie Hamlet, of Oklahoma City, Okla., Mrs. Rando West, of Wichita Falls, Mrs. Annie Mitchell, of Plainview, and Mrs. Oscar Cameron, of Oklahoma City, Oklahoma.

To War on Rabbits At Neinda Tuesday

Next Tuesday, April the 7th, the Neinda Farmers Cooperative Gin is sponsoring a rabbit drive in the Neinda community.

The "shooters" will assemble at the store about 9:30 A.M. and organize for the morning drive. There will be a load of ammunition on the ground.

Now, about the eats. At about 1:00 P.M., at the Neinda school house, everybody will be the guests of the Co-op Gin for lunch. There will be plenty of barbecue and all the "fixin's". The ladies will be there with some of their famous pies and cakes. O, yes, there will be onions and pickles and coffee and pure, clear water. This ought to bring out the shootin' irons.

HAMLIN STUDENTS WIN

LITERARY MEET HONORS

With only a few Hamlin students taking part in the Jones County Interscholastic League Meet held Saturday in Anson, first place in three literary events were won: Ready Writers, Dickie Elam; Spelling, 7th and 8th grades, Brad Rowland, Jr., and Ida Frances Robertson; Junior Boys Declamation, Joe Clements.

In volley ball, the girls' team won second place.

Joe Holt, who has been taking treatment in the Big Spring Hospital and resting at the home of his son, J. C., on an oil lease north of Odessa the past few months, was able to come home last week. He is looking very well and seems to be happy to be on Hamlin's streets again. He says he likes out there so well, he might go back.

Mr. Bowen Pope, Editor
Hamlin, Texas

Dear Editor:
Have just finished reading one of the good old Hamlin Herald. I enjoy reading them very much. It makes a fellow feel like he has been home after reading a home town paper.

I haven't seen any of the boys from Hamlin out here, except my brother, Bunyan; we had a couple of days together this past week. There was lots to talk about, as you know. He told me that he was receiving the Herald also.

How are the sand storms this spring? I suppose they are on time as always. Boy, I would like to see a good old fashioned West Texas sand storm again. Tell all the fellows hello and keep smiling and we

will do the same. I will close for this time. I am not much of a hand for writing as you can see, so until again, good luck. Yours,

C. D. Payne, MM2-C

Well, sir, long before this paper can reach C. D., a personal letter from Ye Editor will have been read by him. We wrote immediately just the kind of letter that will make a sea-boy grin and be glad he is from old windy Texas. It must look mighty wet to Jones County boys away out there on the ocean that is 77 million square miles "small". Yes, sir, sailor boy, Hamlin people and Texas people have got their heads up and chins out—we are listening to hear that the Northampton has shot a hole in the back end of a big Jap ship.

Letter Received From Philippine Soldier

Mr. and Mrs. R. C. Hayes were made extremely happy Tuesday, when they received a letter of recent date from their son, Private J. D. Hayes in the Philippines. They had not heard a word from their son since about November 24, 1941. His letter reads as follows:

Private J. D. Hayes, 18036361
Co. E, 31st Inft.
In the Field, 2-15-42
For R. C. Hayes, Hamlin, Texas

Dear Folks:

I am still here and guess I will stay for awhile. There is not much to write about. We have been doing all right in every way. There is no need to worry about me, as everything is OK.

I hope you are all well and able to work. I hear there is plenty of work going on there now.

Well, I had better close for the time being.

Your son, J. D. Hayes,
In the Field

NOTE: While this letter is consoling to the anxious parents, it is clear that this boy feels his limit under a strict war time censorship. Here is guessing that shortly before General MacArthur left the besieged

ed soldiers, he told them to hurry up a message to home folks and he would try to get them out. This is our guess. And he did.

There are several others from Hamlin in Bataan, and here is hoping they too got messages out to loved ones.

County Singing In Anson Sunday

ANSON, March 30.—The 49th annual Jones County singing convention will be held here on Saturday night, April 4th and on Easter Sunday, April 5th. Approximately 4,000 people are expected to come to Anson for this event which will be held in the high school auditorium.

The Anson Committee is composed of A. L. Stell, chairman; Mrs. G. D. Triplett; C. J. and Albert Thompson; Doss Harris; and Judge Gilbert Smith.

Invitations have gone from the Chamber of Commerce office to noted quartets all over the State and many of them have accepted the invitation to come to Anson to attend the oldest and biggest convention in this section of West Texas.

One of the main attractions of the convention each year is the reunion of old timers who have attended the meetings all through the years, and who have traveled miles and miles in wagons and buggies to attend them.

All of Jones County is urged to be Anson's guest for the 49th annual

nual Jones County singing Convention.

O YES! ELECTIONS!

For several weeks, the City of Hamlin has had a notice of election in the Herald.

Did you know that election comes next Tuesday?

Now, you ought to know that Saturday is School Trustee election. Did you know it?

Hamlin needs several new trustees—go down and see who is on the ticket, and cast your vote.

Avoid Replanting! TREAT COTTONSEED WITH CERESAN

Progressive planters of Texas, Oklahoma and every other cotton state have proved how successfully Ceresan seed treatment reduces seed rotting and sore-shin, generally improves stands, saves costly replanting and commonly increases yields—often 10 to 25%. Oklahoma A. & M. College reports, "Dusting the seed with Ceresan is in more general use than any other cottonseed treatment..." Temple, Texas, reports some tests in which "germination was doubled." Give your seed this protection this year! Ceresan costs only a few cents an acre; is easy to use. Get it from your dealer and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO!

Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Bel for potatoes.

Why America Needs More Cotton Produced

Secretary of Agriculture Wickard has called upon cotton growers to plant their FULL COTTON ACREAGE ALLOTMENT — 4,000,000 acres more cotton than we planted last season—because the United States vitally needs more of the products of cotton and cottonseed. These needs include:

MORE COTTONSEED OIL

to supply the nation's need for food and industrial fats, and to replace oil formerly imported from Pacific areas.

MORE COTTON LINTERS

to supply the increasing needs of the munitions industry for this essential raw material.

MORE COTTONSEED MEAL AND HULLS

to supply feeds needed by livestock producers for the efficient production of "Food for Victory"

MORE LINT COTTON

of certain qualities and grades especially longer staple cotton, to meet increasing needs of the United Nations in their war efforts.

COTTON IS THE ONLY CROP THAT SUPPLIES ALL OF THESE PRODUCTS

How You Can Help to Grow More

In order to produce this cotton, it is highly essential that every cotton grower throughout the South follow these sound practices:

PLANT THE FULL COTTON ALLOTMENT:

Be sure that you plant every acre of cotton which the AAA legal allotment permits. Replant as often as necessary to insure a full stand on all of this acreage.

PLANT GOOD SEED:

By using quality planting seed, with a high germination test, you will help to insure maximum yields.

FERTILIZE ADEQUATELY:

Be certain that you use adequate amounts of fertilizer, adapted to your own soils, on every cotton acre.

FIGHT THE INSECTS:

No cotton farmer can afford, this season, to suffer costly losses from insects. Poison promptly and as frequently as needed to reduce insect damage.

KEEP IT CLEAN AND PICK IT CLEAN:

Keeping fields free of weeds and grass, and picking all of the cotton this fall, moving it promptly to the gin, are important to insure maximum production.

In addition to distributing this information as a public service to the Nation and the Cotton Industry, our Cotton Oil Mill will gladly assist you in any way that we can to insure maximum cotton production. Call on us for any service that we can render.

About "once in a blue moon" you add a quart

Authorities insist: **CHANGE OIL FOR SPRING.** And you

can insist on this oil that outlasted five other big quality brands by far. Not one came nearer than 58% of its mileage!

DOWN where the desert slew gold-hunters—down where 100° heat is "cool"—down in Death Valley six cars streaked. All were alike... all ran till wrecked. All started with 5-quart fills of oil—locked in. All conditions were alike—certified. Five cars—five boasted brands of oil—went as dead as the cattle skulls in the sands, while the other oil still had quarts to go!

That was Conoco Nth motor oil, which can refill your crankcase today with the Nth degree of mileage and engine endurance. Changing from weakened Winter leftovers to Conoco Nth gives your engine OIL-PLATING for Spring. And OIL-PLATING is closely fastened all over inner engine parts as if "magnetized" against all draining back down to the crankcase. Bonded in place—even on straight-up surfaces—even overnight—OIL-PLATING can cut down the raw rubbing of precious parts during starting and running.

That's all against hollowing out your engine till it eats too much oil, and may demand replacements that are getting scarcer. But another big thing is to keep the oil itself in shape. And Conoco Nth oil—at a popular price—comes to you with Thiakene inhibitor... the modern synthetic developed to check or inhibit effects that would otherwise degenerate your oil.

The science of it is a long story, but the mileage is a thousand times longer, and Death Valley proved it. So can you by changing today for Spring, at Your Mileage Merchant's Conoco station. Continental Oil Company

We were very sorry to hear of

the death of our neighbor's mother. Orval Pack was called to Temple last week to attend the funeral of Mrs. T. A. Pack. Orval and his family have our heart-felt sympathy.

Up to date, this community has only three boys in Uncle Sam's service. They are Pvt. Odell Garrett, stationed at Camp Roberts, California; Pvt. Benny Reed Cooper, at Fort Bliss, Texas; and Pvt. James Claude Allen, at Fort Sill, Oklahoma. These boys are doing their very best for their country, and this community is very proud of them!

The Superintendent of Dowell High School, J. C. Conradt, has been called to colors. He has to report for duty next Monday. We are sorry we have to lose Mr. Conradt, but we can do without him if Uncle Sam needs his services.

Everyone is invited and urged to attend church next Sunday. After Sunday School services, there will be an Easter program, followed by an egg hunt for the children. Mothers, bring your children to the program and egg hunt. Let's all go to Church somewhere Sunday! It is your privilege as well as your duty!

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

We were always more or less inclined to believe in fortune telling, soothsaying, and crystal gazing, and after gazing in the crystal many months ago, we predicted a wedding which took place last Tuesday night, March 24, and it seems Cecil Woods is "honor-bound" to buy the newly-weds their first sack of flour. As the story goes, a few years ago, Louis Hopkins and Cecil Woods made a deal whereby the boy who married first, the other was to purchase the lucky one a sack of flour. Well, Louis Hopkins is the winner, and even though the deal was made when the boys were in their teens, we can keep a secret, and we do not intend to expose the age of any concerned. Well, folks, to make a long story short, on Tuesday night, March 24, Louis Hopkins and Miss Bill Milsap motored over to the Fisher County Capital and were married. Bill tells us that during the marriage ceremony, that Hop was as nervous as a race horse at the starting post. Any way, Hop and Bill are friends to everybody, and this entire community wish them every success and best wishes.

Mrs. Lee Hendon and Mrs. Alice Hopkins were called to Austin last Thursday after being informed that their brother and brother-in-law, Mr. Will Hendon suddenly passed away. Mr. Hendon is well known in this community, and for the past several years, he has been in business at Austin.

Mr. and Mrs. Leo Massey, who have resided in McCaulley for the past several months, have moved to the Gyp Mill, where Mr. Massey is employed.

Sorry to report that Cereal Brown was painfully hurt while working at the Mill last week. We understand that he suffered a broken arm and other injuries. Cereal is the son of Mr. and Mrs. I. N. Brown of McCaulley.

Miss Alice Mayo has been confined to her bed for the past week. We hope for her a speedy recovery.

The Junior play books have arrived and rehearsals are under way.

The name of the play is "Hill Billy Courtship". Mrs. Ollie Hennington is coaching the play. The date will be announced later.

Mr. and Mrs. Clyde Hodnette of Neinda visited in the home of Mr. and Mrs. S. E. Miers last Sunday.

Mrs. Albert Maberry and little daughter are visiting in the home of her parents, Mr. and Mrs. John Frank Maberry. Mr. Maberry is a Lieutenant in Uncle Sam's Army, stationed in California.

Mrs. Vera Jayroe tells us that her son, J. B., saw the fight between Joe Louis and Abe Siemon in Madison Square Garden the other night. Write us about it, J. B.

A fellow never knows what good neighbors he has until some of the family gets sick. We can guarantee that we have the best and we have a right to know, as four of the Darden kids have been confined to their beds with the measles and we sincerely appreciate the kindness shown by our neighbors.

Little Pat Rector, daughter of Mr. and Mrs. L. E. Rector is confined to her bed with the measles. Rector tells us that when he was a kid with the measles, his main medicine was a jug of Hill & Hill, but Mrs. L. E. isn't using the old time remedy.

Mrs. Will Rushing, mother of Mrs. Red Miers, is ill at the home of Mrs. Miers, where she has been confined to her bed for two weeks.

Fred Maberry has rented his home to Mr. and Mrs. Hiram Prather and Fred has gone to San Antonio, where he and Mrs. Maberry will reside.

Miss Geraldine Henderson, who is a student at an Abilene Business College, was home over the weekend.

Three children of Mr. and Mrs. Roy Hennington are confined to their beds with the measles.

Velma Lou Boyd was elected Who's Who at the McCaulley High School last week. Miss Boyd is the daughter of Mr. and Mrs. Louis Boyd.

This note taken from "The Hand Clasp", official organ of the Vaughan Class of the Calvary Baptist Sunday School, Washington, D. C., of March 22: This morning's program: Hon. Clyde L. Garrett will teach the lesson. Mr. Garrett is a former member of Congress and is a member of our class. Mr. Garrett is known down in Texas as the "Boy who beat Tom Blanton". We, of the Vaughn Class know Clyde Garrett best as the man who, without fuss or bother, accepted an eleventh hour invitation to make the principal address at our banquet two years ago after a scheduled speaker notified us that he could not be present.

J. B. Jayroe called his mother Sunday night from New York and you can imagine how thrilled a mother would be to talk to her soldier son who hasn't been home in many months.

Mrs. Jim Jackson and Mrs. Joe Miers will represent the County Home Demonstration Clubs at a meeting at Baird Tuesday, April 8. Mrs. Jackson is council chairman of Fisher County.

The war effort should be pushed on the home front as well as in the combat zones. There are a lot of folks back home that do not seem to realize that we have a big task before us. Our boys on the battle fronts will do their parts, but we at home must do ours, and in order to keep guns, shells, tanks and planes rolling to the far flung fronts, we must act and act swiftly. Every man, woman and child do have a big part to play in order to bring this war to a successful conclusion, and the sooner we are all made to realize this, the sooner we will win. Millions of dollars are being spent by our government and all of which some day will have to be paid back. It may take many generations, and the guy who thinks only of himself and profits, is going to wake up in the dog house some sweet day.

The sooner labor and capital are made to realize that we are all in this war up to our necks, the sooner we will all buckle down to business with one united aim, and that aim is to smash the legions of Hitler and the Japs. It is time for folks to get mad, and we mean darn mad.
